

Quick Start Guide

6 steps to success

1. First things first - have a go

It's useful to understand how easyfundraising works, even if you don't have anything to buy. This will help you explain how it works to others.

2. Your cause page

You have your own cause page to share with your supporters. This shows them how to sign up, raise donations and see how much you've raised so far.

Talk to one of our friendly fund raising coaches who can guide you around the website and advise you on how to make easyfundraising work for your cause. The call will only take 10 minutes. We found that causes who talk to our fund raising coaches raise over twice as much!
